A screenshot of a web browser window displaying a list of messages. The browser's address bar shows "http://www.example.com/messages". The page has a light gray header with a logo on the left and navigation links like "Home", "About Us", "Contact Us", and "Messages" on the right. Below the header, there are two sections of message lists. Each section starts with a button labeled "New Message" and contains four entries, each consisting of a small icon (either an envelope or a document) followed by the word "Message" in a rounded rectangular box. The bottom section also includes a "Load More Messages" link at the end.

The diagram shows a vertical list of messages. At the top is a header bar with a left-pointing arrow icon. Below it are three message entries, each consisting of a left-pointing arrow icon and a text input field containing the word "Message". At the bottom is a footer bar with a right-pointing arrow icon. Below the footer bar are four more empty message entry slots, each with a left-pointing arrow icon and a text input field.
